

NIKLAS DAVID JOCHER

BSc MSc

EDUCATION

UNIVERSITY OF SALZBURG, 01.10.2024 – 08.04.2026

MSc Psychology, Grade: 1.29 (with distinction), Specialization: Cognitive Neuroscience
Master's Thesis: *Propionic Acid Modulates Gastric Rhythms and Cortical Excitability in Multiple Sclerosis*
Supervisor: Univ.-Prof. Dr. Weisz

UNIVERSITY OF SALZBURG, 01.10.2021 – 28.06.2024

BSc Psychology, Grade 1.99

EXPERIENCE

RESEARCH ASSISTANT, UNIVERSITY OF SALZBURG

Mar 2025 – Jan 2026:

Research Assistant for Univ.-Prof. Dr. Weisz (Auditory Neuroscience Lab). Conducting Magnetoencephalography (MEG) and eye-tracking experiments, performing pure-tone audiometry, and supporting lab coordination and scheduling

TEACHING ASSISTANT, UNIVERSITY OF SALZBURG

Oct 2024 – Feb 2025: Empirical Seminar (Dr. Thomas Hartmann/Ass.-Prof. Dr. Demarchi):

Supervising students and introducing them to MEG measurements in the MEG lab at the Christian-Doppler-Klinik

Mar 2025 – Feb 2026: Bachelor Seminar (Dr. Fabian Schmidt):

Supervising students and introducing them to MEG measurements in the MEG lab at the Christian-Doppler-Klinik. Assisting with statistical analysis and reviewing student data files.

PROJECT EMPLOYEE, UNIVERSITY OF SALZBURG

Jul 2025 - Sep 2025: Research MEG Unit

Organizing and conducting MEG experiments independently (independent MEG user), including acquisition of structural MRI scans.

TALKS

FIZ-NETZ!, PARACELUS MEDICAL UNIVERSITY SALZBURG

04.03.2026:

"Efficacy of Propionic Acid in Multiple Sclerosis (MADAI Trial) – From Bench to Benchmark" Presented MEG and EGG results from a clinical trial (apl. Prof. Dr. Tobias Moser, PhD)

Location: Salzburg, Austria

RESEARCH INTERESTS

- MEG
 - Auditory neuroscience
 - Speech processing
 - Oscillations
 - Predictive coding
 - Computational modelling
 - Clinical neuroscience
-

TECHNICAL SKILLS

Programming & Data Analysis:

- Python (e.g. MNE)
- MATLAB
- R
- Bayesian Modelling (PyMC)

Data Collection:

- MEG (acquisition, preprocessing, analysis)
 - Eye tracking
 - Electrogastrography (EGG)
 - Structural MRI acquisition
-

LANGUAGES

German (Native)

English (Bilingual)
